

The Preserve

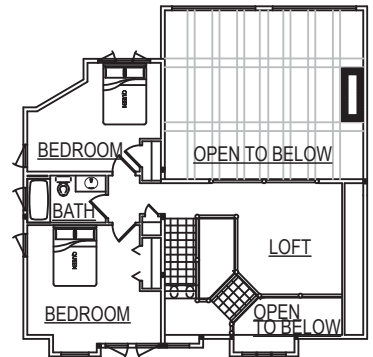

AWARD WINNING! This luxury, Signature Style design celebrates an open floor plan, functionality and all the desired amenities. Our Signature Style is available in many different variations, making this design versatile as well as popular, and able to be crafted in both log and timber style finishes. Handhewn, structural log trusses soar over a stone fireplace in a completely open first floor plan accented by our trademark radial bay dining area. Add a lower level walkout with exercise room, bedrooms, and a finished family room for extra living space. Custom masonry & log posts, gable & shed dormers and Northern White Cedar adorn the exterior!

This floor plan may be customized to allow for less or additional living space, as well as created in alternative architectural styles or finishes.
